Former Recorders Of Office have demonstrated intelligence, capacities, and integrity, and no scandal has been unveiled here tonight in connection with these officeholders.

Deeds for the efficient administration of the office is being kept practically under the Federal Government since 1815. Under a striking front page headline in the Ethiopian News of London, which first appeared in the newspapers of the United States.

The portraits were presented to Dr. Thompkins, general organiser of the Federation, with the following message:

"Having once again performed a remarkable service in distracting the attention of the Ethiopian public from the issue of the anti-Negro lease had it not been for the intervention of the Ethiopian Press Corporation, the anti-Negro lease would have given rise to serious complications.

"We accepted this in good faith and we believe that the anti-Negro lease will be withdrawn in due course. We are now working towards the establishment of good relations with the government of Italy."

In accepting the portraits, Dr. Thompkins expressed his thanks to the Federation for its efforts to have the anti-Negro lease withdrawn.

Dr. Thompkins related, he found it necessary to take this step because of the serious complications that would have resulted from the existence of the anti-Negro lease.

The portraits were presented to Dr. Thompkins at the request of the Federation. As a result of Dr. Thompkins' efforts the anti-Negro lease will be withdrawn.

It is hoped that someday the anti-Negro lease will be withdrawn and that the government of Italy will recognise the rights of the Ethiopian people.
