Unless Queens can get out at least 120,000 voters to register to vote before the Nov. 3 election, it will fail to have the majority of the voters which will be needed to elect a Labor Party district captain in the Third district. This is the opinion of the leaders in the Labor Party in Queens County who, according to polls, are leading in all of the wards in the 30 day registration period which will expire tomorrow. A similar, though not as large, drive is being made by the Democrats.

bers in the next City Council, although it will require an unprecedented turnout before the regular vote.

Every home owner, retailer and business man ought to be studying every friend and acquaintance and to try to preserve Queens' authority in city government.

The new charter has taken away much of our autonomy, but it is still possible for the borough to preserve what authority it has by playing a large enough role in the election of the mayor and the city council.

The objective of the vote is to ensure that Queens' authority in the city is preserved.
