The new Chrysler Building, rising 1,030 feet above the sidewalks of New York, ranks as the tallest structure in the world for 40 years. It was built for the exposition of 1889 for the second tallest habitable tower. The Chrysler Building is a masterpiece of 100 miles. It is designed by the Crusoe Gen. The top point of the Eiffel Tower, completed in 1889 for the exposition of that year, was 100 feet above the surrounding country and the Columbia Esquires, junior lodge. The record-breaking height and unusual architecture of the Chrysler Building are totally unique.

Mrs. James Seward has returned from the Troy Hospital much improved in health.

Sues Daddy Again

NOW—

a new and greater Society Brand Value

SUTS with TWO TROUSERS

$50

We congratulate the men who will secure these Society Brand suits.

Top Costs $35 to $65

Suits $50 and up

Knox and Dunlap Hats $8.50 Up
