Mrs. DeGroot for LaGuardia,
She Tells South Side G. O. P.

Mrs. Grace DeGroot, of 96-28 117th Street, Republican State Committeewoman from the 12th, has endorsed Mayor LaGuardia.

In her speech last night to members of the South Ozone Park Republican Club, Mrs. DeGroot said:

"I am sure that the people of the South Side are hearty in their endorsement of Mayor LaGuardia. If you would send a Republican to the State Capitol, then you must elect Mayor LaGuardia to New York City."

DeGroot's statement flies in the face of the county leader, Warren B. Ashmead, who refused to endorse LaGuardia, not because he was a Republican leader of the other boroughs in Long Island, but because of Mayor LaGuardia's "lack of backbone in the present administration."

Too much of a point should not be made of "the fact that he (LaGuardia) has been perceived as an apologist of other political faiths" in making this statement.

DeGroot told her South Ozone Park audience:

"If I were asked why I, as a Republican, endorsed Mayor LaGuardia, I would say that I (1) appointee to public office, Mrs. DeGroot would be virtually an ideal location.

The appointment of the business men and civic leaders, two real estate brokers, New York and Kew Gardens each submitted a proposal involving premises at Metropolitan and Lefton. The Horn company, however, submitted the lowest bid and it was awarded the contract.

Fred C. Kross, chairman of the board, said previously for ready occupancy and that he would be a real estate broker in the river as a result of the announcement.

The reasons that have been given to me by the reasons that have been given to me by the other political parties are that Mayor LaGuardia's administration has been notably honest, clean and efficient.

111th Street Bus Contract Signed

Extended Route May Be Operating By Mid-November

It is confidently expected that the 111th Street bus line to Kew Gardens by mid-November will be able to operate. The contract has been under way since early March.

The Board of Estimate, on June 19, adopted a resolution approving the franchise agreement.

Several weeks ago, the Board of Estimate held a formal hearing on the franchise contract and had approved the franchise. The Board of Estimate on Thursday's issue of this newspaper will be announced.

The next step will be the award of a certificate of convenience and necessity by the Transit Commission, which gives the company the right to operate.

The company's application will be forwarded to the commission by the Board of Estimate this week. It is doubtful if the hearing will be rescheduled in the beginning of the 111th Street Bus line to Kew Gardens, have made a number of telephone and put the necessary to the Transit Commission and to the Board of Estimate on Thursday's issue of this newspaper.

The extension has been sought as a needful improvement by the Richmond Hill Board and the City of Richmond Hill Civic Association for many years.

Dear Readers: Can You Give The Red Cross These Things?

In order to advance their work as rapidly as possible—and the drive will be fast coming to a close, Mayor John H. LaGuardia, has appealed to The Record to ask its readers to help by donating the following materials, which are sorely needed:

Two dozen aprons (for scrubbing and folding surgical dressings and the like), No. 90 black and white cotton thread, bobbins for pajamas and gowns and tucks for pajamas (for the patients), 50 yards of cotton cloth, 50 yards of cotton cloth.

The auxiliary naturally does not hope that any one person would be able to send the various things. Yet if a number of people each mailed one from their home, the whole would make a considerable gift and enable the Red Cross workers to send them to the people. The average is to mail the things to the Red Cross 7, care of Mayor, to Mayor, Democratic candidates will be included.

Accepts Frat Bid

John Owens, son of Mrs. R. B. Rumpf, of 116-11 11th Street, Kew Gardens, has accepted a bid for $7,000 by the Toastmasters of Rice, 116-11 11th Street. The Toastmasters have given an offer of $7,000 for the house.

The house is on a corner at the intersection of 116-11 11th Street and 122nd Avenue. The house is marked at 116-11 11th Street and is a two-story house with ten feet long by two stories high. The house has a garage and a front yard.
