PORTUGAL TAKES STEPS TO STRIKE BACK AT REVOLT

President Carnsrio adopts precautionary measures to prevent spread of Communist revolution from Spain.

PORTUGAL, April 23—President Carlos Lopes Carneiro today adopted precautionary measures to prevent the spread of the Communist revolution from Spain.

By the evening of today, the Portuguese Government had officially reported that it had taken steps to prevent the spread of the revolution to the mountainous region of Madeira. In a statement released by the Government today, it was said that "the situation is not favorable, but the Government has taken necessary measures to prevent the spread of the revolution to the mountainous region of Madeira." The statement further stated that "the Government is determined to prevent any further spread of the revolution and to take all necessary measures to maintain law and order." The Government also stated that "it is necessary to prevent any further spread of the revolution and to maintain law and order, as the situation is not favorable." It was further stated that "the Government is determined to prevent any further spread of the revolution and to take all necessary measures to maintain law and order." The Government also stated that "it is necessary to prevent any further spread of the revolution and to maintain law and order, as the situation is not favorable." It was further stated that "the Government is determined to prevent any further spread of the revolution and to take all necessary measures to maintain law and order." The Government also stated that "it is necessary to prevent any further spread of the revolution and to maintain law and order, as the situation is not favorable." It was further stated that "the Government is determined to prevent any further spread of the revolution and to take all necessary measures to maintain law and order." The Government also stated that "it is necessary to prevent any further spread of the revolution and to maintain law and order, as the situation is not favorable." It was further stated that "the Government is determined to prevent any further spread of the revolution and to take all necessary measures to maintain law and order." The Government also stated that "it is necessary to prevent any further spread of the revolution and to maintain law and order, as the situation is not favorable." It was further stated that "the Government is determined to prevent any further spread of the revolution and to take all necessary measures to maintain law and order." The Government also stated that "it is necessary to prevent any further spread of the revolution and to maintain law and order, as the situation is not favorable." It was further stated that "the Government is determined to prevent any further spread of the revolution and to take all necessary measures to maintain law and order."
