Handcrafted quality makes the big difference.

RUB A DUB DUB

"Remember the tub?"

Scrub, rinse, haul and hang... that used to be the order of the day every Monday. But now modern electric washers and dryers have turned wash day into wash hour. And washboards, thank heavens, are found only in hillbilly backyards.

"Today's electric appliances add pleasure to bring your own electricity to do your wash, help cook your meals, heat your home (and cool it), keep food fresh for weeks and entertain the family. And all this at very low cost. Electricity is the biggest blessing in your home. And that's why we plan to keep it.

Mrs. Edsell appointed to home board

Two members of the ILION Hospital Nursing staff were honored last night at Hotel Wool, where they returned with the ILION Junior HOMEMAKER'S CLUB. Miss Isabella Garber and Miss Grace Skelly, Twin sisters, received a letter, a bouquet of flowers and a tea in their honor.
