Short Cuts to Chic on a Budget

Fashions Play a Dual Role

Shorts are big this summer girl and boy! In all of them, shaping is the keynote. Junior Misses and Misses are dressing them in new and lovely ways. A change in the cutting of the shorts dress is allowing it to reach the right length, just above the knee. The result is a very pretty and feminine effect. Available at all stores.

BLUE-COMB COUTURE

Vestments and separate blouses are also getting a new twist. They are grouped in pairs to give an all-white look. These are used with a flannel skirt and a chiffon belt for a very pretty effect. Available at all stores.

EMILY POST GIVES ADVICE

Dear Misses: I have a hunch what you'll tell me, but I must write and find out for myself. I understand that the last time you married, you did it in a hurry. You didn't marry your present husband, but I think you might have married him sooner if you had known what you know now.

The contest ends Sept. 5, which gives the imaginative teen-ager the opportunity to give beautiful proof from his own imagination.

SUMMARY REQUIREMENTS

The requirements are as follows: Specify a color for the dress, a style, and a type of season. In your opinion, what is the best way to make the dress attractive? What is the best way to fit the dress, and what is the best way to make it look good? And what is the best way to make it look good?

The next day I started following the advice of Volume 1, which is the London South End Women's Organization. I started exercising and eating a balanced diet, which is the best way to look good.

The contest is open to boys and girls between the ages of 12 and 17. And it's still not too late to enter. However, when in doubt, it could be better to enter than not to enter.
