Baths, Washes, Oils and Ointments

Relief At Last For Your Cough

Confidence in the tuberculin tests has been shaken, they told by the scientific men. It is now ascertained that the tuberculin is not the cause of all throat ailments. The trend now is toward abandoning the test as applied to cattle. Instead, the X-ray examination will be used. The test will go right to the seat of the trouble.

The program outlined by Prof. Beissinger of the University of Wisconsin, would discontinue tests on cattle in any group. Instead, he would reveal the most potent is the economic one, for it is felt that when the majority of young people, especially those in the armed forces, have been vaccinated, the program will be abandoned. The test will be used only for a small fraction of a group, and the most certain.

Toilet articles will be on display at the drug store.
